

santa claus: *special gifts*

GIFTS TO SURPRISE, DELIGHT AND INSPIRE. ESPECIALLY SELECTED BY RA.M FOR YOUR CONSIDERATION. IMAGINATIVE GIFTS THAT ARE THOUGHTS FOR THE THOUGHTFUL.

*gift 02.* THE "CLOU" IS REALLY SOMETHING SPECIAL! In our time, we have seen many folding bikes but this bike, entirely made by hand, takes the shine out of all the others. Other bikes are folded in the centre, this one slides into itself to half the length and height. Height adjustable, it is suitable for all the family. The wheels including rims and drum brakes are a sign of visible power. The only disadvantage: everyone will want one, so protect it well!
